

Hemant Mehra

Web Developer

As a web developer, my objective is to create user-friendly and efficient websites that are visually appealing and easy to navigate. I utilize my skills in HTML, CSS, JavaScript, and React to develop websites that meet all the requirements of the client.

ORGANIZATIONS

Organization Name

PERSONAL PROJECTS

Portfolio

- <https://portfolio-eta-sand-75.vercel.app/>
- A Portfolio shows all my projects and achievement.
- Build in React and use SCSS for styling.

Online Student Portfolio

- <https://zen-student-portfolio-client.vercel.app/class>
- A student dashboard where students can check their progress, class data, live class links etc. I created this project in React.
- I use Material UI to style the UI.

URL Shortner

- <https://url-shortner-client-three.vercel.app/>
- A webapp to make lengthy URLs short.
- This WebApp is built in React and Tailwind CSS for styling.
